6. AVAILABILITY AND COST

Availability:

ATAS Ultra HP Commercial Gutter is readily available through ATAS product distributors. A complete line of related components and accessories is available to complete the water control system. Flat sheet and/or coil stock in matching color is also available for fabrication of other items by the installing contractor.

Cost:

Contact ATAS product representatives or distributors for current pricing.

7. WARRANTY

Products coated with a fluoropolymer, 70% PVDF finish carry a limited warranty against chalking and fading.

8. MAINTENANCE

ATAS Ultra HP Commercial Gutter materials require minimal maintenance. Surface residue is easily removed by conventional cleaning methods. For painted products, minor scratches should be touched up with matching paint, available from the manufacturer. ATAS Ultra HP Commercial Gutter should be inspected regularly to ensure fasteners are secure, splices remain properly sealed, and there is no debris in the gutter.
