Numerous hole sizes, pattern placement options, custom shapes and variations.
Available in a wide selection of gauges, materials, panel profiles, and colors, Gaten Series perforated panels are ideal for numerous applications including architectural design, passive solar shading, ventilation, acoustical solutions, and equipment screens. ATAS offers six standard hole size patterns, as well as custom options to fit any project’s design needs. Additionally, ATAS can color-match each side of the panels for applications where both sides are visible.

ATAS provides a single source package for your project’s needs, including engineering expertise, structural hat channels and framing, corners, end caps, trims, and flashings. Contact your local product representative to discuss your project: [www.atas.com/rep-finder](http://www.atas.com/rep-finder)

An aluminum substrate is recommended for all perforated applications due to its inherent corrosion-resistant properties.

**A13**
- 1/8” holes
- 3/16” staggered centers
- 40% open area
- Shown in Patina Green

**A15**
- 1/8” holes
- 1/4” staggered centers
- 23% open area
- Shown in Concord Cream

**A23**
- 1/4” holes
- 1/2” staggered centers
- 23% open area
- Shown in Slate Blue

**A24**
- 3/8” holes
- 1/2” staggered centers
- 51% open area
- Shown in Silversmith

**A25**
- 3/8” holes
- 9/16” staggered centers
- 40% open area
- Shown in Mission Red

**A19**
- 3/16” holes
- 5/16” staggered centers
- 33% open area
- Shown in Boysenberry
Available Panels

- Belvedere 7.2" Rib
- Belvedere Grand R

- Design Wall
- Grand C
- Grand V
- Metafor
- Multi-Purpose Panels
- Opaline
- Rigid Wall
- Rigid Wall II
- Span Wall
- Versa Series

ON THE COVER: Belvedere 6" Short Rib

Belvedere 6" Short Rib, Ascot White
Hole Pattern: A15
Application: Accent Wall
University of Arkansas, Fayetteville, AR
Corrugated Panel, Slate Grey
Hole Pattern: Custom
Application: Accent Wall
Flying Fish Brewery, Somerdale, NJ

Corrugated Panel, Custom Color
Hole Pattern: Custom
Application: Accent Wall
West-MEC NE Campus, Phoenix, AZ

Corrugated Panel, Ascot White
Hole Pattern: A13
Application: Accent Wall
Fromagex, Rimouski, Québec

Custom Panel & Color
Hole Pattern: Custom
Application: Parking Deck
New York, NY

Belvedere 7.2" Rib, Patina Green
Hole Pattern: A19
Application: Equipment Screen
Libbie Mill, Richmond, VA
Belvedere 6" Short Rib, Ascot White
Hole Pattern: A24
Application: Equipment Screen
75 Tresser, Stamford, CT

Belvedere 7.2" Rib, Forest Green, Teal, & custom green
Hole Pattern: A19
Application: Sunscreen
Rocketship Charter School, San Jose, CA
Photo: Swift Lee Office

Corrugated Panel, Dove Grey
Hole Pattern: Custom
Application: Sun Screen
Caromont Regional Medical Center, Gastonia, NC
Corrugated Panel, Titanium
Hole Pattern: Custom
Application: PTAC Unit Screens
Newark Ave. Residences, Jersey City, NJ

Belvedere 7.2” Rib, Classic Bronze
Hole Pattern: A15
Application: Accent Wall
Get Air, Pomona, CA
Belvedere 6” Short Rib, Clear Satin Anodized
Hole Pattern: A23
Application: Accent Wall
33.7 North, Tustin, CA

Corrugated Panel, Titanium
Hole Pattern: A25
Application: Accent Wall
Vinton Library, Vinton, VA

Rigid Wall II & Multi-Purpose Panels, Silversmith
Hole Pattern: A24
Application: Sunscreen
The Residences At Twelve40, Philadelphia, PA

Contact ATAS for more information. ATAS reserves the right to modify, eliminate and/or change its products without prior notification.

ATAS professional staff is able to assist in the design or provide shop drawings for your project. Final choice of materials and installation is the responsibility of the owner, architect and/or the owner’s agent. ATAS International, Inc. cannot be held responsible for the ultimate selection of the installation of those materials. Due to tight stress in metal materials and substrates to which metal panels are applied, installed panels may exhibit a perceived waviness in the flat areas of the panel. Currently the period and amplitude of the waviness is dependent upon the continuous flat width of the panel. This condition is beyond the control of ATAS and consequently this perceived waviness or ‘oil canning’ of the product is not a valid reason for rejections of materials. (Refer to ASTM E1514, ASTM E1637 and Metal Construction Association Technical Bulletin 1060 for further clarification.) ATAS reserves the right to modify, eliminate and/or change its products without prior notification. ATAS cannot be held responsible for errors in line drawings and typesetting. Inquire for availability. Colors are as close to the actual colors as modern printing allows. Exact color chips extra request. This is a requirement for all premium colors. If you have requirements or preference for colors or finishes other than shown, contact ATAS. Color availability varies by material, gauge and profile. ATAS is not responsible for colors selected from this chart. Contact ATAS for more information.
